

sources/pass_tracing
/integrators/PathTracer.h

```
graph BT; A[sources/pass_tracing/integrators/PathTracer.h] --> B[sources/pass_tracing/integrators/PathTracer.cpp]; A --> C[sources/scene/myopenglwidget_camera.cpp];
```

The diagram illustrates a header file dependency. A central gray box at the top represents the header file 'sources/pass_tracing/integrators/PathTracer.h'. Two white boxes below it represent source files: 'sources/pass_tracing/integrators/PathTracer.cpp' on the left and 'sources/scene/myopenglwidget_camera.cpp' on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include this header.

sources/pass_tracing
