

eigen-3.4.0/eigen-3.4.0  
/Eigen/src/Core/util/Macros.h

```
graph TD; A["eigen-3.4.0/eigen-3.4.0  
/Eigen/src/Core/util/Macros.h"] --> B["cmath"]; A --> C["cstdlib"]; A --> D["iostream"];
```

The diagram illustrates the relationship between the Eigen library's Macros.h header and its utility headers. A top-level box contains the path 'eigen-3.4.0/eigen-3.4.0 /Eigen/src/Core/util/Macros.h'. Three blue arrows point from this box to three separate boxes below it, labeled 'cmath', 'cstdlib', and 'iostream', indicating that Macros.h includes or depends on these headers.
