

sources/pass_tracing
/intersectors/Intersection.h

```
graph BT; A["sources/pass_tracing/intersectors/Intersection.h"] --> B["sources/pass_tracing/intersectors/Intersection.cpp"]; A --> C["sources/scene/myopenglwidget_camera.cpp"];
```

The diagram illustrates a header file dependency. A central gray box at the top represents the header file 'sources/pass_tracing/intersectors/Intersection.h'. Two white boxes below it represent source files: 'sources/pass_tracing/intersectors/Intersection.cpp' on the left and 'sources/scene/myopenglwidget_camera.cpp' on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include this header.

sources/pass_tracing
/intersectors/Intersection.cpp

sources/scene/myopenglwidget
_camera.cpp
